## New Partner

### Welcome Hamilton Construction Company

Hamilton Construction Co. started in Springfield, Oregon as a small firm installing concrete road and irrigation systems in 1939. They've made a name for themselves with major bridge replacement and rehabilitation, but also work on a variety of large heavy civil construction projects. Their emphasis is on transportation projects, but their specialty is building with limited and difficult project access. They understand the importance of stakeholder and permit coordination and the complexities associated with working in high-traffic urban zones, populated recreational areas, sensitive natural habitats, short work windows, and remote project locations.

They have been a friend to MBE and DBE contractors for many years, training on concrete walls and other work for pre-Interstate bridge work. We're glad they have rejoined us in partnership.

## PBDG News

**LEFT** Faye Burch welcomes the new Portland Parks and Recreation Director from New York, Adena Long, at Delta House.

**RIGHT:** This recent graduate of Constructing Hope (pictured here with Joe Sterling) went directly to a job with Sterling-Pacific Roofing.

**LEFT TO RIGHT:** Kelly McNutt (with Kiewit), Mark Matthews, Michael Martin, James Faison, and Daniel Miranda in a discussion with Kiewit about projects they have out for bid.

## We Want to Remind Everyone of the Eligibility Requirements for D/M/WBE and SDV

In order to qualify for D/M/WBE and SDV certification the applicant must own at least 51% of the firm, be able to control and manage the daily operations of the firm, and hold any professional licensing necessary to operate the business (i.e., engineer, architect, plumber, electrician, etc.).

To qualify for ESB certification, the business must meet the SBA size standards for a small business. This includes number of employees and average gross receipts cap determined from over a three-year period.

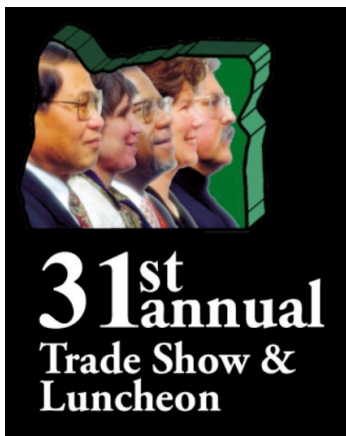

PBDG clearly understands these requirements and feels that while there are legitimate woman-owned there are many that are NON compliant. We will be asking FHWA and ODOT to review those that are DBE, ODOT to review the WBEs, and the Secretary of State's Office to review their lack of compliance.

We ask that public agencies and prime contractors be very aware of the status of the CoBid certified firms you are using.

PBDG is working with Metro to get your feedback regarding C2P2. The Construction Career Pathways Project (C2P2) is comprised of public agencies tasked with developing a regional approach to recruiting and retaining women and people of color in the construction trades. PBDG has a contract with Metro to get your input and feedback on how to improve and what to consider when creating pathways for women and minorities to enter the construction industry.

Irene Appel will be contacting you over the next few weeks to gather your input; keep an eye out for emails and calls from Irene.

## Construction Career Pathways Project

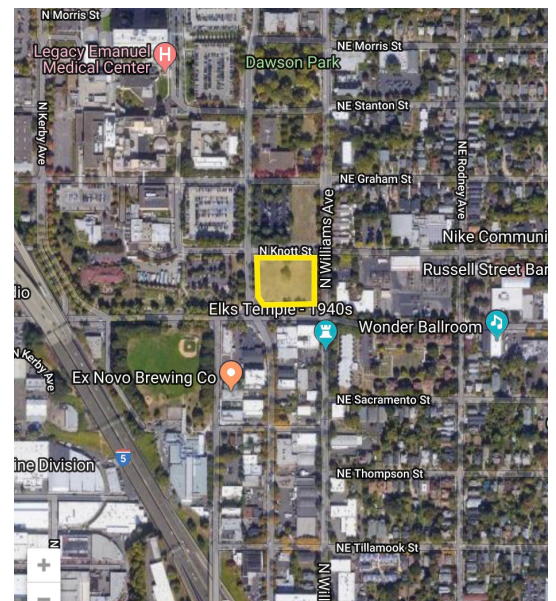

Stakeholders from public agencies, private industry and community-based organizations are working with Metro to identify strategies for providing reliable career pathways for people of color and women in the construction trades.

# The Hill Block Project: North Russell Street & Williams Avenue

**Next Meeting Hill Block Project Working Group:  
Wednesday, June 5th • 5:30-8:05pm  
at Prosper Portland**

Legacy Health, Prosper Portland and the City of Portland have agreed to develop a vacant 1.7 acre block at North Russell Street and North Williams Avenue currently owned by Legacy Health. The focus of the development is to honor Portland's African-American community, support community housing and economic needs, and further Legacy Health's mission of promoting health and wellness for children and families. The site is now referred to as the Hill Block, which is the historic name of the building that once occupied the site and served as the center of the African American commercial district from the 1940s to the early 1960s. The Hill Block building's onion-domed cupola is now located in Eliot Neighborhood's Dawson Park.

**THE PORT OF PORTLAND TERMINAL 6 BERTHS 603, 604, AND 605  
MAINTENANCE DREDGING 2019-2020****Proposals due: May 22, 2019 @ 3:00 pm****REQUEST FOR PROPOSALS SOLICITATION NO. 2019-8300**

Proposals for Terminal 6, Berths 603, 604, and 605, Maintenance Dredging 2019-2020 project will be received by the Manager, Contracts and Procurement, of The Port of Portland (the Port), electronically through the Port's online bidding system until, but not after, 3 p.m. on May 22, 2019.

At the Port's option, a second contract for subsequent maintenance dredging of a Port terminal in a future year may be negotiated with the Proposer. The location, year of execution, and scope of work are yet to be determined, but the terms and conditions will be substantially similar to the first contract.

The work includes but is not limited to:

Maintenance dredging of Berths 603, 604, and 605 at Terminal 6; transporting and discharging dredge material to the in-water placement site downstream of West Hayden Island; segregating and disposing of dredge debris at a Port-approved disposal site off of Port property; and potentially placing large woody debris suitable for mitigation placement at a designated upland site on West Hayden Island.

A pre-proposal meeting will be held at 1 p.m. on May 2, 2019, in the Channel Room at the Port of Portland Headquarters Building, 7200 N.E. Airport Way, Portland, Oregon, to discuss all phases of the work. From Airport Way, follow the signs to park in the long-term parking garage. Use the garage elevators at the east end of the garage to enter the Headquarters Building at the first floor level, then take the Port office elevators to check in with the receptionist on the eighth floor. Parking validation is not available.

The contractor or a subcontractor need not be licensed for asbestos work under ORS 468A.720.

Contractors, subcontractors, consultants, and suppliers are strongly encouraged to register through the Port's online bidding system, which can be accessed at <https://www.planetbids.com/portal/portal.cfm?CompanyID=15598>. All firms can view current business opportunities. Registered firms may receive electronic notification of Port solicitations, and have access to view, download, or request copies of solicitations, addenda, and solicitation-holders lists.

Questions shall be submitted electronically using the "Q&A" feature in the Port's online bidding system.

The project manual and drawings may be examined at Port offices (address above); however hard copies of drawings and specifications are not available directly from the Port. Registered firms may download the project manual and drawings.

Proposals may be rejected if not in compliance with specified procedures and requirements. Any or all proposals may be rejected if in the public interest to do so. Proposer compliance includes the following:

A. No proposal will be considered unless it contains a statement by the proposer as a part of the proposal that the provisions of ORS 279C.800 to 279C.870 (regarding payment of applicable prevailing wage rates on public works projects over \$50,000) are to be complied with. Current wage rates determined by the Oregon Bureau of Labor and Industries (BOLI) may be obtained from BOLI's web site at [www.boli.state.or.us](http://www.boli.state.or.us).

B. Proposers are hereby alerted that public works contractors generally shall file a public works bond with the Construction Contractors Board, as provided in ORS 279C.836.

C. No proposal will be considered unless the proposer is registered with the State of Oregon Construction Contractors Board to the extent required by ORS Chapter 701 prior to submitting a proposal.

**Apprentice Opportunities on Port Projects:** The Port requires contractors to provide on-the-job training opportunities for approved and registered apprentices on construction projects over \$1,000,000. The Port's overall target for registered apprentice participation is 15 percent of total labor hours. The Port supports efforts to build a diverse and skilled workforce for the construction industry and to increase the representation of diverse apprentices on Port projects.

**Small Business Enterprise Program:** The Port is committed to increasing small business enterprise participation in Port contracts. The Port's overall small business participation target is 20 percent of contract dollars awarded. This goal can be met through contracts awarded directly to SBE certified firms and/or through subcontracts awarded to SBE certified firms. While there is no specific small business participation goal for the first contract, the Proposer's ability to help the Port achieve its overall small business participation target will be considered during the Port's evaluation of proposals. If the Port elects to negotiate a second contract with the Proposer, it is anticipated that a specific small business participation goal will be established for that contract. See the Instructions to Proposers for more information related to small business participation.

## **CITY OF SALEM, OREGON DOWNTOWN ALLEY LIGHTING IMPROVEMENTS**

**Bids due: May 7, 2019 @ 2:30 pm**

### **INVITATION TO BID**

The Contracts and Procurement Manager of the City of Salem will receive sealed bids at the Contracts and Procurement Division, 555 Liberty Street SE, Room 330, City Hall, Salem, Oregon, 97301, between the hours of 8 am–12 pm and 1 pm–5 pm, but not after 2:30 pm, (Local Time) Tuesday, May 07, 2019, at which time said bids will be publicly opened and read in the Public Works Conference Room 325, City Hall, for the project specified herein. Electronic bids will not be accepted.

**WORK DESCRIPTION:** The Work under this contract includes removal of two existing street lights, overhead alley lighting structures, and all associated wiring. Installation of four new street light poles with associated foundations, mast arms, street lights, strain wire connections, strain wire pendant lights and all electrical wiring to illuminate, in its entirety, the alley between Court Street NE, Chemeketa Street NE, Commercial Street NE, and Liberty Street NE.

**PROCUREMENT DOCUMENTS:** Bidders may obtain the bid documents by registering on the Oregon Procurement Information Network (ORPIN) website and downloading them. Bidders shall consult the ORPIN system regularly until closing date and time to avoid missing any notices. To register on ORPIN go to <http://orpin.oregon.gov/open/dll/welcome>. The City shall advertise all Addenda on ORPIN. Prospective bidders are solely responsible for checking ORPIN to determine whether or not any Addenda have been issued. Bid documents will not be mailed to prospective bidders.

**PRE-BID CONFERENCE:** No pre-Bid Conference is schedule for this project.

**BID SUBMITTAL:** Bids must be submitted on the bid forms furnished to the bidders. Bids shall be submitted in a sealed envelope plainly marked "Bid on Downtown Alley Lighting Improvements Bid No. 189187" and show the name and business address of the bidder.

**BID SECURITY:** Bid security in the amount of 10 percent of the bid must accompany each bid in accordance with the Instructions to Bidders.

**AWARD:** The City of Salem ("City") reserves the right to reject any or all bids, to waive informalities, and to postpone the award of the contract for thirty (30) days.

**HUMAN RIGHTS:** It is the express policy of the City that no person shall be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity on the grounds of race, religion, color, national origin, sex, marital status, familial status or domestic partnership, age, mental or physical disability, sexual orientation, gender identity, or source of income as provided by Salem Revised Code Chapter 97, Title VI of the Civil Rights Act of 1964 and other federal nondiscrimination laws. The City's complete Title VI Plan may be viewed at (<http://www.cityofsalem.net>). Contracts for work under this bid will obligate the Contractor to comply with all applicable requirements of federal, state, and local civil rights and rehabilitation statutes, rules and regulations.

**SOLICITATION FOR SUBCONTRACTS, INCLUDING PROCUREMENTS OF MATERIALS AND EQUIPMENT:** In all solicitations either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the Contractor of the Contractors obligations under a contract awarded pursuant to this bid, Salem Revised Code Chapter 97, Title VI of the Civil Rights Act of 1964, and other federal nondiscrimination laws.

The City will provide ADA accommodations upon reasonable request to the Contracts and Procurement Manager.

The City is an Equal Employment Opportunity Employer.

**CONTRACTOR DISCLOSURE:** Prior to award, Contractor will be required to provide answers to the five questions stipulated in Salem Revised Code (SRC) 2.380(b).

**PREVAILING WAGE RATES:** Bids exceeding \$50,000 are subject to ORS 279C.800 through 279C.870. Prevailing Wage Rates and necessary forms are available at <http://www.oregon.gov/boli/WHD/PWR/Pages/Index.aspx>. BOLI Prevailing Wage Rates for Public Works Contracts in Oregon dated January 1, 2019, including all amendments issued prior to April 08, 2019.

The Work will take place in Marion County, Region 3.

**TECHNICAL QUESTIONS:** Inquiries concerning the contents of the bid specifications should be directed to Michael Miller, PE, Senior Project Manager, at 503-588-6211.
